

Sarah Begum

Impact Entrepreneur, International Ambassador for Climate Justice & STEM

Sarah Begum is an international ambassador who has worked on multiple projects worldwide. Her talks have been mostly about inspiring the future. Sarah has explored Planet Earth on adventures with the purpose to document important stories about other cultures as well as the environment whilst becoming a pioneering face of exploration. "Named as one of the world's top trailblazers as an enriching explorer who has been helping others"/p>

TOPICS:

- Climate Justice and its Impact on Humanity
- How the Space Sector is Solving Problems on Earth
- How Innovative Technologies will Shape the Future
- How ESG is Influencing Sustainable Practises in Companies

LANGUAGES:

She presents in English.

IN DETAIL:

Her first film, "Amazon Souls", where she immersed in the lives of the Huaorani tribe and was made a real-life Amazon Warrior Queen to spread their message about protecting their land premiered at the Cannes Film Festival then was distributed worldwide. She was chosen to be an advocate for the tribe to propose a bilateral agreement to the Ecuadorian government. Sarah has been highlighted by the press for her work in the Amazon Rainforest. She is endorsed by Bear Grylls, David Attenborough, Jane Goodall, Hollywood Actors Cylk Cozart and Kevin Hart as well as others for her positive contributions to the world. Sarah was made a STEM Ambassador to inspire others into the science, technology, engineering and mathematics sectors as she believes it is important to work harmoniously towards creating a beautiful and innovative future for us all.

WHAT SHE OFFERS YOU:

Sarah's objectives are to positively impact others by working with organisations who are aligned with protecting the planet whilst helping humanity along the way.

HOW SHE PRESENTS:

Sarah's presentations inform, educate, entertain and inspire people about the world. She is in great demand as a speaker around the globe by audiences eager to hear her inspirational message.
